

CosMedix and Results Rx Peel Procedures

CosMedix and Results Rx's innovative, non-traumatic peels stimulate gentle, healthy change deep in the skin to create a beautiful, renewed complexion. You will achieve maximum results with minimum downtime. Most of the peels can be customized for any individual skin type or skin condition present. Some of the following peels require a 10 day prep to minimize any unwanted effects and to prepare the skin for the healing and recovery process.

Pomegranate Peel...\$60

An antioxidant therapy peel that works to even out the top layers of the skin and mildly stimulate collagen while potent antioxidants prevent free radical damage.

With Epidermal Leveling...\$100

With Power Peel Microdermabrasion...\$150

Blueberry Smoothie...\$60

A refreshing, antioxidant peel that uses a gentle acid and active blueberry extracts to exfoliate the skin without irritation. This peel is an exceptional blemish treatment that helps restore a youthful glow to even out oily/problematic skin.

With Epidermal Leveling...\$100

With Power Peel Microdermabrasion...\$150

Purity Peel...\$130

This detoxifying epidermal peel diminishes the appearance of blemishes and calms impure skin to reveal a glowing, dewy complexion.

D-Tox Peel...\$150

A synergistic blend of chirally-correct acids that works deep within the skin to fight bacteria and heal acne lesions.

Timeless Peel...\$250*

This enormously effective deep peel works to encourage the growth of healthy cells, increase cell turnover and remove layers of dead skin, giving you an age-defying, smooth-textured complexion.

Timeless Rx Peel...\$275*

With 10% more AGP Complex than the Timeless Peel, this peel is the next step in removing layers of damage and increasing cell turnover, resulting in smoother, denser, beautifully hydrated skin.

Deep Sea Peel...\$250*

Utilizing the healing power of the ocean, Deep Sea Peel helps significantly reduce the appearance of fine lines, wrinkles, blemishes and photodamage.

Bene-Factor Peel...\$150

This non-wounding resurfacing treatment stimulates skin renewal, leaving you with a healthy, luminous complexion. It softens, exfoliates and stimulates while lightening, brightening and repairing damaged skin.

With Factor Infusion Program...\$250

Benefit Peel...\$120

This potent antioxidant peel delivers a blend of nourishing ingredients into the skin layers to gently stimulate collagen production without excessive peeling.

With Epidermal Leveling...\$160

With Power Peel Microdermabrasion...\$200

Blueberry Jessner...\$100 for the first layer and \$50 for each additional layer

This peel works to clarify blemish-prone skin and reduce the look of fine lines with less downtime and discomfort than traditional peels. This peel is also used as a pre-peel application to prepare the skin for deeper peel treatments.

L-TCA Peel*...\$400 for the first layer/\$100 for each additional layer

This medium-depth chemical peel reduces the discomfort normally associated with traditional TCA peels. By deeply penetrating and exfoliating the skin's surface, the signs of acne scarring, photodamage and melasma are significantly improved.

*Prep program is mandatory with these peels and must be done for 10-30 days prior to the peel. The L-TCA peel requires a full prep course of 4 weeks.

All of CosMedix and Results Rx peels can be enhanced or "boosted" by other products in the line to customize the peel to each individual. Peels can be layered and others can be combined to achieve greater results. Ask your skin care therapist about your options and what the best choice will be for your skin!

Custom Medi-Facials

\$75 single treatment/Package of 4 \$250

A relaxing facial that can be customized to suit the skin care needs of each patient. Treatment begins with a gentle or deep cleanse followed by the proper exfoliation technique, extractions if necessary, light facial massage, customized masque therapy, and application of an appropriate hydrator and UV protector. This treatment is recommended for all skin types.

SkinCeuticals Pigment Balancing Masque

\$125 per treatment/\$600 for 6 treatments

The Pigment Balancing Masque is a customizable treatment targeting hyperpigmentation to dramatically improve the uneven appearance of photodamaged, mottled skin after 4-6 treatments. The masque combines high-performance brightening and anti-inflammatory agents with a peeling acid solution to accelerate cell renewal and diminish diffuse and localized hyperpigmentation. Peels are recommended at 10 day intervals for best results.

Power Peel Microdermabrasion

\$125 single treatment/\$500 for 6 treatments

The Power Peel Microdermabrasion is a relaxing and enjoyable procedure to treat fine lines, sun damage, superficial scars and uneven skin tone by gently exfoliating the skin with delicate crystals. These crystals along with suction help remove the dry, dead skin cells that lie on the surface of your skin. This is the first step in renewing or maintaining brighter, clearer and more evenly toned skin. Best results are seen within a series of 4 to 6 treatments.

La Roche-Posay/Biomedic Chemical Peel Procedures

Micropeel...\$80 single treatment/Package of 6 peels \$400

The Micropeel uses alpha-hydroxy acids to gently dissolve the bond that holds dead skin cells together allowing for gentle removal. This keratolytic effect is produced by glycolic or lactic acids in coordination with epidermal leveling or enzyme masque therapy. A chemical-free Micropeel is also an option.

Micropeel Plus...\$80 single treatment/Package of 6 peels \$400

This treatment is designed to refine skin texture damaged by environmental factors and skin conditions such as acne. Salicylic acid, a beta-hydroxy acid, helps slough off dead cells and debris while stimulating the skin's natural renewal process. This peel also improves the appearance of hyperpigmentation on the face.

LHA Peel

\$100/3 LHA peels and Prep Kit \$300/6 LHA peels and Prep Kit \$600

The LHA peel features a breakthrough pro-exfoliating active ingredient that provides precise and even cell-by-cell exfoliation. This peel is for the treatment and correction of fine lines, brown spots, age spots and other skin imperfections. This peel consists of a two-week home preparation program followed by the in-office peel procedure for optimal results. A series of 4 to 6 in-office LHA peel procedures are recommended at 2 to 4 week intervals.
